

SPECIALIZED REHABILITATION

Worth the Drive!

At ClearSky Rehabilitation Hospital of Rosepine, we offer high-quality, rehabilitative care for individuals recovering from disabling injuries or illnesses.

Our goal is to achieve optimum outcomes for our patients so they can return to their homes quickly and with as much independence as possible.

We treat patients who have experienced:

Strokes | Brain injuries | Hip fractures | Spinal injuries |
Parkinson's disease | Multiple sclerosis |
Other medically-complex conditions, such as COVID-19

Our hospital features:

- Physician-led, inpatient rehabilitation
- Advanced staff training and certifications
- Individualized care plans created with patients and families
- 15 hours a week of physical, occupational, and/or speech therapy
- Family and caregiver education and training
- Coordination of care post-discharge, including access to ongoing support and services
- Rehabilitative gym with specialized equipment
- Patient transport van
- Free parking
